FOREIGN DEPARTMENT.

Simla, the 4th August 1909.

No. 1611-*I B.*—It is notified for general information that the following addition has been made by command of His Majesty the King, Emperor of India, to rule 6 of the Regulations respecting Foreign Orders published with the Notification of the Government of India in the Foreign Department No. 1206-E B., dated the 19th August 1898 :—

"Persons in whose favour such Warrants are issued will be required to pay to His Majesty's Principal Secretary of State for the Home Department a stamp duty of 10*l*."

The 19th August 1898.

No. 1206-*E-B.*—The following Regulations, which have been recently revised by Command of Her Majesty the Queen, Empress of India, are published for general information :—

REGULATIONS RESPECTING FOREIGN ORDERS.

1 No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign-Manual.

2 Unless the Foreign Decoration shall have been conferred in consequence of active and distinguished Service, either at Sea or in the Field, such permission will not be given to any subject of Her Majesty, except in the following cases, if recommended specially by the Secretary of State for Foreign Affairs :—

(1) The Chief of a Complimentary Mission from Her Majesty
(2) A Military or Naval Attaché on the termination of his appointment.
(3) Any person, not at the time in the service of Her Majesty, who has rendered valuable service to the Sovereign bestowing the Order outside Her Majesty's dominions, or in an Embassy or Legation of that Sovereign in this country

3 The intention of a Foreign Sovereign to confer upon a British Subject the Insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited to the Court of such Foreign Sovereign, or through His Minister accredited at the Court of Her Majesty.

4. If the service for which it is proposed to confer the Order has been performed during War, the Notification required by the preceding Clause must be made not later than two years after the exchange of the Ratifications of a Treaty of Peace.

If the service has been performed in time of Peace, the Notification must be made within two years after the date of such service.

5 After such Notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from Naval or Military Services before the Enemy, refer it to Her Majesty's Principal Secretary of State for the War Department, previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted

A similar reference shall also be made to the Commander-in-Chief if the application relates to an Officer in the Army, or to the Lords of the Admiralty if it relates to an Officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order, and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the Warrant required by Clause 1 to be prepared for the Royal Sign-Manual.

When such Warrant shall have been signed by the Queen, a Notification thereof shall be inserted in the "Gazette," stating the service for which the Foreign Order has been conferred

7 The Warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms

8 Every such Warrant as aforesaid shall contain a Clause providing that Her Majesty's license and permission does not authorise the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's Realms.

9. When a British subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the Decoration of a Higher Class of the same Order, to which he may have become eligible by increase of rank in the Foreign Service, or in the Service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10 The preceding Clause shall not be taken to apply to Decorations of the Guelphic Order which were bestowed on British subjects by Her Majesty's predecessors King George IV and King William IV, on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

FOREIGN OFFICE,
23rd June 1898

REGULATIONS RESPECTING FOREIGN MEDALS.

1. Applications for permission to accept and wear Medals which, not being the Decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or Navy, should be addressed to the Commander-in-Chief or the Lords of the Admiralty, as the case may be, who, if they see fit, may submit the same for Her Majesty's sanction, upon obtaining which they may grant such permission without other formality.

2 Any other British subject, having obtained Her Majesty's permission, is at liberty to accept and wear a Foreign Medal, not being the Decoration of a Foreign Order.

3. No permission is necessary for accepting a Foreign Medal, if such Medal is not to be worn.

REVENUE DEPARTMENT.

Ootacamund, August 16, 1909.

The following Resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE AND INDUSTRY.

Customs.

No. 5646-5664—28.

Simla, the 4th August 1909.

RESOLUTION.—His Majesty's Government and the Government of India have recently had under their consideration the question of facilitating the clearance through the Customs Department of samples brought by Commercial Travellers from the United Kingdom into British India, for use as models and patterns for the purpose of obtaining orders, and not for sale, and *vice versâ*, and it has been decided that articles liable to duty serving as patterns or samples imported into the one country by Commercial Travellers from the other will be admitted free of duty, subject to the observance of the following regulations.

2. *Regulations governing the admission into British India of samples and patterns brought by Commercial Travellers from the United Kingdom.*

(1) On the production by a Commercial Traveller of a list or declaration containing a full description of every sample brought by him, officially attested by the Customs authorities in the United Kingdom, examination of the samples may be limited to ascertaining that they are fully enumerated on the list produced.

(2) The list referred to in the preceding sub-paragraph is to be utilised as assessing the duty chargeable on the samples. A deposit of the duty is required before delivery of the samples, or alternatively a bond (with sufficient security) for the amount thereof may be accepted instead of a cash deposit.

(3) If the Commercial Traveller is unprovided with the list referred to in sub-paragraph 1, he may be required to produce before the Collector of Customs a certificate or letter of identity from his principals, or otherwise satisfy the Collector of his eligibility for the concession. If the Collector is satisfied on this point, a list will be compiled by the Commercial Traveller giving a full description of every sample sufficient for identification and assessment of the duty chargeable thereon. The duty will be deposited or security given as set out in the preceding sub-paragraph.

(4) Should the samples bear the marks, stamps or seals of the country of exportation, no additional marks or seals for purposes of identification need, as a rule, be affixed by officers of the Customs Department. Contrariwise, if the samples on importation bear no seals, they are to be marked or sealed for future identification, should such a course be deemed necessary by the Customs officers at the port of arrival.

(5) The list of the samples, whether that produced by the Commercial Traveller or that compiled at the port of arrival, will be signed and dated by the officers at the port or place of importation, who will affix to the list a statement bearing the official seal or stamp and showing :—

(a) The name of the port at which the samples are imported and the amount of duty chargeable on the patterns or samples; also, whether it was deposited in money, or whether security was given.

(b) The marks, if any, that have been applied to the patterns or samples.

(c) The date upon which the amount of duty deposited will be carried to the public account or the amount recovered under the security given, unless it is proved that the patterns or samples have been previously re-exported or placed in bond. This date is to be not later than twelve months from that upon which the samples were brought into the country.

No charge is to be made for the document issued or certified by the Customs officers or for marking for identification.

(6) The production of the list referred to in sub-paragraph 1 will not be required in the case of patterns or samples not liable to duty, and the examination of packages containing such patterns or samples will be restricted to ascertaining that no dutiable articles are contained therein and that the goods produced are *bond fide* samples.

All samples of no commercial value are entitled to free entry.

EXPORTATION OF IMPORTED SAMPLES.

(7) Patterns and samples of dutiable articles may be produced to the Customs officers at any port an British India for examination prior to exportation. (Non-dutiable samples are not required to be produced on shipment.)

(8) To obtain the return of the deposit made on entry of the patterns or samples, or the cancellation of the bond entered into, the Commercial Traveller is required to produce with his samples the list thereof, signed by the officers at the port of arrival Provided that the time allowed for production (see sub-paragraph 5 (c)) has not been exceeded, and the Customs officers are satisfied that the goods as produced are identical with those enumerated on the list, the amount of duty originally deposited will be refunded. The list is to be noted as to the exportation of the samples, the statement referred to in sub-paragraph 5 being retained.

(9) The statement is to be transmitted, with a certificate of exportation of the samples, to the Collector at the port of importation with the object of having an adjustment of accounts effected, where a deposit has been made, or the bond cancelled, as the case may be.

3. *Regulations governing the exportation of samples and patterns, dutiable or non-dutiable, by Commercial Travellers proceeding from India to the United Kingdom.*

(1) Commercial Travellers proceeding to the United Kingdom on business may have their samples sealed and the list thereof officially certified by officers of the Customs Department under the following regulations.

(2) The firm or firms concerned will produce at the Custom House the samples with a list in duplicate containing a full description thereof including quantity and value, and apply to the Collector of Customs for examination of the goods.

In cases where examination and sealing of samples is desired at private premises an application to that effect must be made to the Collector of Customs concerned. The expenses of the Customs officer's attendance for such examination are to be borne by the applicants.

(3) The Collector of Customs, after verifying the list by a comparison with the samples, will have the latter officially sealed or marked, as may be most convenient, and will sign the duplicate list and stamp it with the Custom House seal. This will be returned to the owners of the goods and the original list will be retained for future reference. In regard to the values stated on the list a formal declaration by the Commercial Traveller or by one of the firms concerned may be required if such is considered necessary.

(4) The sealed or marked samples and the certified list must be produced again at the time of shipment to the Customs authorities, who will note on the list that the goods specified therein have actually been shipped.

4. *Regulations prescribed by His Majesty's Commissioners of Customs and Excise for the admission into the United Kingdom of samples and patterns taken by Commercial Travellers from India and certain other countries.*

No. 1042.—Under the provisions of section 14 of the Places of Public Resort Act II of 1888 the Governor in Council is pleased to issue the following revised rules for the grant of licenses under section 7 of the said Act, in supersession of the existing rules on the subject. These rules shall come into force from 1st October 1909.

Rules under the Places of Public Resort Act, 1888.

I. Licenses for places of public resort or entertainment which may be granted under section 7 of the Places of Public Resort Act, 1888, shall be of two classes—(1) annual and (2) temporary. Temporary licenses will be granted for periods not exceeding three months at any one time. Annual licenses shall be granted only in respect of buildings which are not constructed of inflammable materials, but temporary licenses may be issued in respect of such buildings, when they are required only for occasional use as places of public resort or entertainment. Temporary licenses only may be issued for thatched buildings, or buildings constructed of wood or mats or other inflammable materials, and for tents. Licenses of either description may, however, be granted for the use of open walled enclosures which have no roof or superstructure. A license once granted may be renewed at the discretion of the authority competent to grant it.

Annual and temporary licenses.

II. Whenever any license as described in Rule I above is granted or renewed, a fee shall be charged according to the scale laid down below:—

Amount of fee.

For an annual license	Rupees 5 for an area of 1,000 square feet or less, with an additional fee of Re 2½ for every 500 square feet or fraction thereof in excess of 1,000
For a temporary license for a period not exceeding three months for a building thatched or constructed of wood or mats or other inflammable materials or for a tent.	Rupee 5 for a month or for a portion thereof for an area of 1,000 square feet or less, with an additional fee of Rs. 2½ for a month or for a portion thereof for every 500 square feet or fraction thereof in excess of 1,000
For a temporary license for a period not exceeding three months for a building not thatched nor constructed of inflammable materials, but only occasionally used as a place of public resort or entertainment.	Rupee 1 for a month or for a portion thereof for an area of 1,000 square feet or less with an additional fee of As. 8 for a month or for a portion thereof for every 500 square feet or fraction thereof in excess of 1,000.
For an annual license for an enclosure without any roof or superstructure thereon.	Rupees 2 for an area of 2,000 square feet or less with an additional fee of Re 1 for every 1,000 square feet or fraction thereof in excess of 2,000.
For a temporary license for an enclosure without any roof or superstructure thereon.	Rupee 1 for a month or for a portion thereof for an area of 2,000 square feet or less with an additional fee of As. 8 for a month or for a portion thereof for every 1,000 square feet or fraction thereof in excess of 2,000.

The fees for temporary licenses shall be leviable at half of the above rates, where the buildings or enclosures are used solely by day without lights.

Explanation.—For the purpose of these rules, where a structure for which a license is sought is constructed partly of inflammable and partly of non-inflammable materials, the whole will be considered to be an inflammable structure. Where the place consists partly of a structure and partly of a mere unroofed enclosure, the fee shall be calculated on the area of the structure alone.

III. Except with the special permission of the District Magistrate or the Sub-divisional Magistrate no thatched building or building constructed of wood, matting or other inflammable material and no tent shall be licensed, unless it is situated in an open space. No portion of such structure should be less than 50 yards from the nearest adjoining building.

Situation of the place or building.

IV. Except with the special permission of the District Magistrate or the Sub-divisional Magistrate no place of public resort shall be licensed under the Act unless—

Number, size and description of exits.

(*a*) It has at least two main exits of not less than ten feet in width. Where these exits are closed by doors, the doors shall open outwards. These main exits shall be so arranged that they can be pushed open easily and at once from inside.

(*b*) When the area of the building or enclosure exceeds 1,000 square feet, at least one additional special exit per 500 square feet of additional space, of a width not less than eight feet, shall be provided in the exterior walls of the building or enclosure, at suitable distances

apart. Such special exits may be closed whilst the building or enclosure is being used as a place of public resort, but the means adopted for utilizing them in cases of emergency shall be detailed in column 4 of the license, the sufficiency of such means being a matter for decision by the licensing authority. Each of such special exits shall be further indicated by a board having the word "exit" printed upon it in English and its equivalent in the vernacular of the district, in large and legible characters.

Prevention and extinguishing of fire.

V. No license shall be granted under the Act, unless sufficient provision has, in the opinion of the licensing authority, been made for the prevention and extinguishing of any fire which may occur in or upon the licensed premises. Such precautions as are considered necessary shall be detailed in column 8 of the license. A supply of not less than 5 gallons of water per 100 square feet of area shall be insisted upon, in the case of buildings not constructed of inflammable materials, and this shall be kept stored in buckets in readiness along the walls of the licensed place of public resort. In the case of thatched buildings or buildings constructed of wood or mats or other inflammable materials, the supply shall be not less than 15 gallons per 100 square feet of area and shall be stored in buckets in readiness, one half within, and the other half without, the exterior walls of the building.

Provided that the District Magistrate or the Sub-divisional Magistrate may authorise the licensing authority, in view of the particular construction or disposition of any building or enclosure, the circumstances of its use, or other special reasons, to issue for such building or enclosure a license with such modifications of the aforesaid conditions prescribing the disposal of the water-supply and the minimum amount to be stored as may be deemed suitable and sufficient.

VIII. Section * 9 of the Act shall also be printed at the foot of the conditions appended to the license granted under Rules VI and VII above.

* Revocation or suspension of licenses.

* Any authority granting a license under this Act may, for reasons recorded in writing, revoke or suspend the same when he has reason to believe—

(a) that the license has been fraudulently obtained ;

(b) that the enclosed place or building has been used for other purposes of public resort or entertainment than that for which the license was granted ;

(c) that the place or building can no longer be safely used for the purpose for which the license was granted.

N B.—Should the number of candidates who have applied to be examined at any one of the above centres fall short of *thirty*, the candidates that selected that centre must be prepared to proceed, at their own expense, to the nearest centre where the examination may be held. Timely notice will be given to the candidates concerned.

3. No notice will be taken of the application of any candidate who selects a centre which is not in the above list, and no candidate will be allowed to name more than one centre. No candidate will on any account be allowed to change the place of examination entered in his application, which must invariably be the place where he is employed or ordinarily resides, or should it not be a centre, the place nearest to it where the examination is held A candidate appearing for examination at a centre other than the one mentioned by him in his application must be prepared to have his examination annulled.

4 In addition to the above centres, the Commissioner will be prepared to arrange for the holding of the *Written* examination in any of the subjects mentioned, at any other place, if he is satisfied that not fewer than *thirty* candidates are likely to offer themselves for examination, and it is advisable to make such place a centre. Application for the inclusion of such place or places in the list of centres should be made to the Commissioner through the local educational or other authorities concerned before the 22nd August Ordinarily, however, only one place will be constituted a centre for each district.

5. The oral and practical examinations in such subjects as require them will be held at those places only were satisfactory arrangements can be made for the conduct of such examinations

N B.—*To guard against disappointment in the case of such of the Oral* and *Practical examinations as may be held before the written examination, candidates are recommended to refer to Part I-B of the* Fort St. George Gazette *from time to time.*

6. Candidates whose examinations, either written, or oral and practical, cannot be arranged for at any place most, *at their own expense*, proceed to Madras or to the nearest centre where they are held in the subjects in which they appear.

7. Heads of institutions are requested to see, before the certificate at the foot of the application is signed by them, that their institution has been recognised by the Director of Public Instruction, Madras, as fitted to impart instruction in the *Technical* subjects and for the grades in them brought up by their *pupils*

N B.— Heads of institutions recognized for *General Education only* should not sign the certificate at the foot of the application form filled in by any of their pupils coming up for any of the Technical Examinations.

8 All pupils coming up from the same institution must select the same centre, and the applications of all of them should be forwarded together (along with a covering letter stating the number of applications) by the head of that institution, no applications of any *private* candidates being enclosed with these applications

* Candidates for the Intermediate examination in Tailoring should state in their applications whether they are coming up in "Cutting" or in "Making up".

9. Each candidate must, wherever the syllabus requires it submit, before the 31st August, the necessary drawings, plans, surveys, field books, estimates, or other "certified works". Each of the drawings, etc., submitted must have entered on it the name of the candidate, the subject and grade of examination for which he appears and the centre at which he appears, and must be certified to be his own unaided work by the head of the institution or office to which he belongs, by an officer of the Public Works Department not below the rank of Supervisor, by a District Board Engineer, by the Engineer of the Corporation of Madras, or by an Engineer of any Railway Company

Candidates are specially warned that no certified works will be valued by examiners unless the certificate of authorship is quite satisfactory, and specifies clearly the period of time occupied in the execution of each work and unless the examiners are satisfied as to the identity and qualifications of the persons granting the certificates. Further, if any suspicion attaches to any certified works submitted by pupils from Technical Schools, the Commissioner will be compelled to recommend to the Director of Public Instruction the withdrawal of the departmental privileges enjoyed by the schools. Private candidates, whose certified works are in any way suspected by the examiners, will be liable to have their examination invalidated and also to be debarred from appearing for any of the examinations under the control of the Commissioner for such term of years as the Commissioner may think fit.

It must be particularly noted that the drawings, etc., of each candidate should be submitted in a separate roll for each subject and for each grade (*i.e.*, the drawings, etc., for a number of subjects should not be rolled up together), and that the drawings, etc., of a number of candidates should not be sent in one and the same roll. Also, on the outside of each roll for each subject, each candidate should enter the following particulars in ink :—

(1) Name of candidate,
(2) Place of examination,
(3) Subject,
(4) Grade, and
(5) Total number of drawings in each roll.

As the application has to be kept in the office and as the drawings, etc., have to be forwarded to the examiners, the application itself should be sent in a *separate* cover and *not rolled up* with the drawings, etc

A candidate who failed, or having applied, did not appear, at a previous examination, must submit fresh drawings, etc. The drawings, etc., submitted will on no account be returned.

10. Candidates must send in their applications made out in English on *printed forms so that they reach* the *Commissioner's office on or before the 31st August, after which date no applications will be received*. Only one form of application should be used by each candidate, although he may bring up several subjects and some up for different grades

11. Candidates in the mofussil should obtain the required application forms from the treasury of the taluk in which they are resident or of the district to which they belong. Candidates who are residents of Madras should apply for application forms at the office of the Commissioner for Government Examinations, Old College, Nungambaukam, and not to the Collector of Madras

N.B.—No notice will be taken of any application from candidates in the mofussil requesting to be supplied with application forms from this office.

12. The following is the scale of fees to be paid by candidates for admission to the examinations :—

	Elementary	Intermediate.	Advanced.*
	Rs.	Rs.	Rs.
For each subject	3	5	10
For each stage where a subject is divided into stages	..	2½	5

N.B.—No candidate will be permitted to come up for examination in more than one grade in the same subject at the same time.

13. The prescribed fee must be paid in every case into a Government Treasury, or, if at Madras, into the Bank of Madras, and the receipt given by the Treasury Officer or the Bank of Madras, attached to the application, which must in every case reach the Commissioner's office on or before the 31st August. *On no account will the fee be received in the Commissioner's office, whether sent in cash or by Post Office order. No application will be registered unless it reaches the Commissioner's office by the date prescribed.*

NOTE.—*At Madras in the case of all pupils, the fees should be collected by the Headmaster and sent in a lump sum to the Bank of Madras together with two lists of the pupils, one of which will be retained by the Bank and the other signed and returned to the Headmaster. This latter list should be forwarded to this office along with the applications of the candidates. The necessary forms for this purpose will be supplied by this office to Headmasters on application.*

14. Each application should be sent direct to the undersigned, post paid, superscribed and addressed as follows, the receipt for the fee paid *being securely fastened to it*.

☞ Candidates are warned that the application itself *should not be enclosed* with any drawings, plans, surveys, field books, estimates, or other "certified works" that may be sent, but should be submitted in a separate cover.

[*Application for admission to the Government Technical Examinations.*]

To

The Secretary to the Commissioner
for Government Examinations,
Nungambaukam, Madras, S.W.

N.B.—Candidates anxious to assure themselves that their applications have been received should enclose an *addressed post card* in *their respective applications*. The post card should bear the sender's address only and no other writing. Such post cards will be returned to them in due course with

the "Received" or "Despatched" stamp of the office impressed upon them. No other form of acknowledgment except that required by the postal rules regarding registered covers can possibly be given nor will any notice be taken of any letter from any candidate inquiring whether his application has been received. *Insufficiently stamped covers will be rejected.*

16. Candidates should write their names, their father's names and their house names *distinctly* and *in full* in their applications and give their *addresses in full* also; if "Other Hindus", they should state in column 3 of their applications whether they are "Non-Brahman Caste Hindus", or "Panchamas". Applications defective in any particulars will be returned.

NOTE.—The occupation or profession of candidates, or the appointments held by them should invariably be stated—in full—in column 10 of their applications.

18. *The fee paid will, in no case whatsoever, be refunded, nor will it be reserved for a subsequent examination. Neither will any excess fee that may have been inadvertently paid be returned. Candidates are warned to study the notification carefully and satisfy themselves, before remitting their fees, that they fulfil the prescribed conditions of admission to the examination and that they can, if necessary, proceed, at their own expense, beyond the limits of the examination centre selected by them, for the purpose of undergoing the Written, or the Oral and Practical examinations.*

17. Candidates for the Intermediate or Advanced examinations whose names have already been published in the Gazette as having passed a particular stage or stages in subjects in which the examination is divided into stages, or as having passed the Intermediate (late Preliminary), where the examination is of two grades—Intermediate and Advanced—must in their applications cite the date and page of the Gazette in which their names appear and their number in the list of successful candidates.

18. The examinations in the subjects under "Drawing, etc.," will be conducted in the order of time and subjects set forth in the following table. *Candidates will not be allowed to come up for more than one of the subjects bracketed together for the same term on the same day in the table below, or for more than one grade of examination in the same subject in the same year.*—

Preamble.

No. 16.—In virtue of the power delegated under clause XIII (16) of Government Notification No. 485, dated 13th July 1908, the Commissioner of Salt, Abkári and Separate Revenue hereby prescribes, under section 29 of the Madras Abkári Act I of 1886, the following rules governing the import, transport and export of liquor and intoxicating drugs prepared from the hemp plant in transit through British territory from one portion to another of a Native State or of a French Settlement in the Presidency of Madras.

Note.—The transport from one part of Ceylon territory to another and one part of Travancore territory to another across the Shencottah-Cochin and Tinnevelly-Quilon Railway lines will not be treated as transport through British territory. Transport through railway station compounds will, however, come within the scope of the rules.

Rules.

1. No liquor or intoxicating drugs prepared from the hemp plant shall be transported through British territory except under, and in accordance with, a permit issued in accordance with the following rules.

2. Except in the case of permits issued to persons duly licensed to vend in British or French territory or in a Native State, no permit shall cover the transport of more than the undermentioned quantities of liquor and intoxicating drugs:—

Country spirits.—Eight drams throughout the Presidency except the Munagala and Lingagiri zamindaris of the Kistna district and certain villages of the Kistna and Guntur districts bordering on the Nizam's dominions for which the quantity fixed is one dram.

Toddy.—One gallon throughout the Presidency except the Munagala and Lingagiri zamindaris of the Kistna district and certain villages of the Kistna, Guntur, Bellary and Kurnool districts bordering on the Nizam's dominions for which the quantity fixed is one dram, that for Kurnool Municipality alone being eight drams.

Foreign liquor.—One open bottle of wine or half a pint of spirit in certain villages of the Godavari South Arcot, Tanjore and Malabar districts bordering on the French Settlements.

3. The permits recognised under these rules shall be in printed forms and in duplicate. Each permit must bear a consecutive number and must be sealed with the private seal of the officer issuing the permit in addition to his office seal.

4. The period of currency of a permit must be regulated according to the distance the liquor or drug is transported, one day being allowed for every 15 miles by road or 70 miles by rail in addition to one day for despatch and one day for delivery in the case of consignments sent by rail.

5. Every consignment transported through British territories under these rules shall be accompanied by its permit, which must show the name of the transporter, the quantity of liquor or intoxicating drugs covered by it, the route of transport, the period of currency and the officer before whom it should be taken for verification.

6. Where Customs stations are established between British territory and any Foreign Settlement or Native State, the route to be entered in a permit must always include at least one such Customs station, the officer in charge at which, when the consignment passes through, will note on the reverse of the permit the condition of the packages and seals.

7. Whenever a permit is issued, the duplicate thereof, which should bear the impression of the same seals as have been placed on the original permit and on the consignment, should be forwarded by the officer issuing the permit to the officer appointed to verify the consignment.

8. Every package to be transported through British territories under these rules shall be sealed and the seals used shall be the same as those impressed on the permit (see rule 3).

9. Permits for transport under these rules shall not be recognised unless they are issued by officers specially appointed in that behalf by name or designation by the Chief Excise Officer of the territory in which the officers are to exercise their functions.

10. Every consignment will be verified on arrival at its destination by an officer appointed for the purpose by the Chief Excise Officer of the territory to which the consignment is transported.

11. Every officer appointed or authorised to issue permits under rule 9 *supra* must be kept informed of the names and designations of all officers authorised under rule 10 to verify consignments.

12. The names or designations of all officers appointed to issue permits and to verify consignments will be communicated to the Deputy Commissioner of the Salt, Abkári and Customs Department whose division the Native State or French Settlement adjoins.

13. The officer issuing permits under rule 9 *supra* should furnish the Inspector of the Salt, Abkári and Customs Department through whose circle the consignments are to be transported with a monthly list of permits issued in a form showing the names of the transporters, the numbers of the permits, the dates on which they were issued, the route by which the consignments were required to be transported and the quantity covered by the permits.

14. On the arrival of the consignment at its destination, it shall be verified by the officer appointed for the purpose under rule 10 *supra*. He will examine the seals and weigh or measure each package, as the case may be, before opening it. He will then open each package and satisfy himself that the

contents agree both as to nature and weight or measurement as the case may be, with the entries in the permit and will enter the results of his verification on the reverse of the original and the duplicate permits, will return the original permit to the transporter and will forward the duplicate to the Inspector of the Salt, Abkári and Customs Department of the circle across which the consignment has been transported for transmission to the officer who issued it.

15. Any Land Revenue officer not inferior in grade to a Revenue Inspector, any Salt, Abkári and Customs officer not inferior in rank to a Sub-Inspector, or any Police officer not inferior in grade to a head constable, may inspect any consignment in transit in British territory and when he does so shall note on the reverse of the permit the condition of the packages and seals.

16. Any person found transporting liquor or intoxicating drugs in contravention of these rules will be dealt with in accordance with section 55 of the Madras Abkári Act.

17. No person who is found to have committed any breach of these rules shall be allowed to transport liquor or drugs through British territory under a pass issued in this behalf, and the name of any person detected in the commission of any such breach shall forthwith be communicated by the officer detecting the offence to the Deputy Commissioner of the Salt, Abkári and Customs Department concerned who will arrange with the Chief Excise Officer of the territory from which the offender brought the liquor or intoxicating drugs, as the case may be, for the intimation of the offender's name to all persons authorised to grant passes. If any such person be subsequently found transporting liquor or intoxicating drugs even under a permit, such consignment shall be liable to confiscation.

REPAIRS TO KUMULI-KURUVANUTH ROAD, MADURA DIVISION.

In G O., No. 806 L., dated 22nd April 1909, and Madura District Board Proceedings, No. 5½, dated 29th May 1909, the extensive repairs to the Kumuli Kuruvanuth road from mile 44/0 (from Periyakulam) to mile 50/4 ordered in the abovementioned correspondence will necessitate—

(1) The building of many culverts and probable stoppage of all traffic;

(2) The blasting of rock at various places along the road and stones and other material lying on the road;

(3) Excavation for rebuilding revetments on a large scale;

(4) Felling trees.

Owing to this the road will probably be dangerous to all traffic between sunrise and sunset until further orders. Arrangements will be made as far as is possible to minimise the danger owing to these and other repairs.

Timber and other materials (if allowed to in any way obstruct the road) which are not cleared within 12 hours of being left on the road will be cleared by the Public Works Department subordinates as opportunity affords, and these subordinates will in no way be responsible for loss or damage on this account. Every endeavour will be made by the department to try and let traffic through during construction of culverts and other work. Blasting will generally take place between 5 and 9 A.M. and 1 and 2 P.M., but the public are advised to make careful enquiries before proceeding along the road.

In some cases, such as reconstructing existing wooden culverts, it may be necessary to close the road for three days; when this is necessary, notice will generally be given three days beforehand at Kuruvanuth and Kumuli.

M. BROWN,
Executive Engineer, Madura Division.
